

December 11, 2020

Dear Dom Lipa Families, Friends, Employees, and Supporters,

In this communication, we provide the Covid-19 situation at Dom Lipa and some information about Covid-19 vaccines.

### **Covid-19 Update**

We are pleased to let you know that there are no active Covid-19 cases at Dom Lipa.

We are not yet out of outbreak because we are still waiting for two more test results. The Covid-19 outbreak was declared on November 30<sup>th</sup>. We are hopeful that Toronto Public Health will soon declare that the outbreak is finished.

All staff and residents continue to be diligent about wearing masks, hand hygiene and good cleaning routines.

### **Covid-19 Vaccines**

With the recent arrival of the first kind of Covid-19 vaccine for Canadians, we all need to start getting informed about vaccines. We have not heard about vaccinations for our residents and staff at Dom Lipa and anticipate the vaccines may arrive in the next few months.

We hope these two videos will help provide good information.

- Oxford University has made a 90 second video about the speed of vaccination development entitled "How to make a vaccine in record time." Available at:

[https://www.youtube.com/watch?v=ddDiyIKUP0M&feature=emb\\_logo](https://www.youtube.com/watch?v=ddDiyIKUP0M&feature=emb_logo)

- Dr. Anthony Fauci's talk at the Hastings Centre in the U.S. (45 mins video) entitled "Public Trust in Science." Available at: <https://www.thehastingscenter.org/public-trust-in-science/>

Thank you all for your support and your prayers.

Sincerely,

The Board of Directors of the Slovenian Linden Foundation – Dom Lipa
