

December 30, 2020

Dear Dom Lipa Families, Friends, Employees and Supporters,

We hope you are enjoying a peaceful holiday season and staying safe. Here is an update about Covid-19 vaccinations.

Covid-19 Update

We are pleased that there continue to be no active Covid-19 cases at Dom Lipa.

Staff were tested for Covid-19 last week on December 21st, 2020. All 69 test results came back negative.

This week on December 28th, 2020, 65 staff were tested, and we are waiting for the results.

Covid-19 Vaccines are Available

We are happy to inform you that a Covid-19 vaccination program for staff is being implemented with the support of Humber River Hospital. As soon as January 1st, 2021 the first group of Dom Lipa employees have booked their vaccination appointments and the following week, further vaccinations are scheduled.

We have been advised that the vaccine will be available in the coming weeks for Dom Lipa's residents. Staff will be contacting the residents and their Substitute Decision Makers (usually their Attorneys for Personal Care) during the next few weeks to discuss the vaccine and ask for a verbal consent or refusal for vaccination.

Vaccine Information

Please visit the attached links to access websites with information about both the Pfizer and Moderna vaccines.

Government of Canada
