

## **New FAMILY COUNCIL Initiative for Residents: Four New Raised Vegetable Gardens**

Thanks to financial support from the Slovenian Linden Foundation in addition to donations received from the Dom Lipa Community, the FAMILY COUNCIL has purchased four new raised garden kits to add to the Dom Lipa “Kitchen Garden”.

These raised beds are in addition to the existing two raised cedar planters and six round tubs located at the back of Dom Lipa, which will accommodate the growing needs of the residents and kitchen staff. Herbs and vegetables will be planted in these beds to be used by staff for the residents of Dom Lipa to enjoy!
