

Dear Dom Lipa Residents and Families!

As of May 22, 2021 we are resuming our outdoor visits.  
This possibility has come unexpectedly and on a short notice.

We will do our best to accommodate everyone and we are kindly asking for your patience and cooperation.

1. The outdoor visitation is permitted only in the designated visitation area at the front of the building.
2. You can book your visit this weekend in person with Dom Lipa's Screeners at the entrance.
3. Every visitor will be screened and must pass screening for Covid 19.
4. Dom Lipa cannot guarantee that your visit will start exactly on your specified time for various reasons. We apologize for the inconvenience.
5. Residents and visitors **MUST WEAR MASKS** and maintain a minimum 2-meter distance throughout the visit.
6. Maximum of two visitors at a time.

**IMPORTANT!**

As of 12 noon on Friday, May 21, 2021 Dom Lipa's Kastelič Wing and West1 Wing are under 'Facility Covid Exposed' precautions. We are waiting for further directions from Toronto Public Health Unit on restrictions for Saturday, May 22, 2021. Currently our residents living in these two areas are in isolation and under contact and droplet precautions and will not be able to participate in outdoor visits. Sorry for this unfortunate inconvenience.

Please be safe!
