Advocate for Loved Ones

Who are we?

We are a self-led organized group of caring and concerned friends and family members who have, or had loved ones living at Dom Lipa.

We are a great source of support, information and guidance to both current & new families transitioning to Long Term Care. After all, who knows better what a family is going through than another family member, or friend, who has been there!

We can advise on concerns and/or issues regarding the operations of the Home.

We have powers & responsibilities mandated by the Long Term Care Act (LTCA), a provincial law that governs all HOMES.

Our Story

The Dom Lipa FAMILY COUNCIL was first established in September 2017 when family members decided to form a "Concerned Family Members" Committee to support and advocate for their loved ones.

Realizing how working as a team brought positive results and a sense of community, this group decided to form a Family Council, now named the Dom Lipa FAMILY COUNCIL.

Today, Dom Lipa FAMILY COUNCIL is registered as an official member of the Family Councils of Ontario.

Dom Lipa FAMILY COUNCIL

Supporting Families & Cherishing Residents
